CNBM International Corporation

Company Profile

Established in 1984, China National Building Materials (Group) Corporation (CNBM) is ranked No.485 of the Fortune 500 in July, 2011. CNBM is also the largest group corporation of building materials with total assets of 200 billion RMB and 120,000 staff and with more than 25 years' experience in manufacturing and exporting various types of building materials. CNBM International Corporation, a primary subsidiary of CNBM Group Corporation, is specializing in manufacturing Aluminium Coils, Coated Aluminium Coils, Aluminium Foils and Aluminium Circles, which are widely used in construction, decoration, household, packing industry and so on.

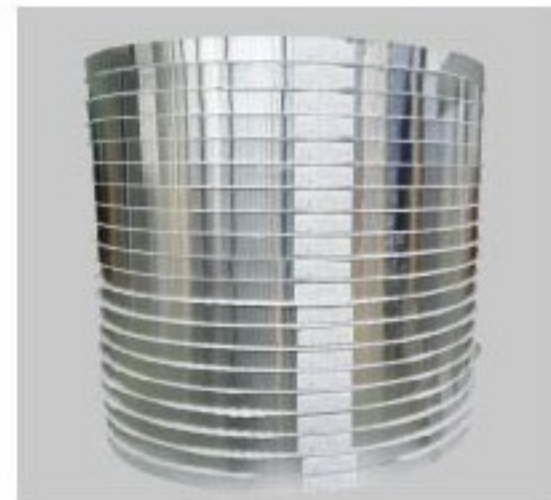

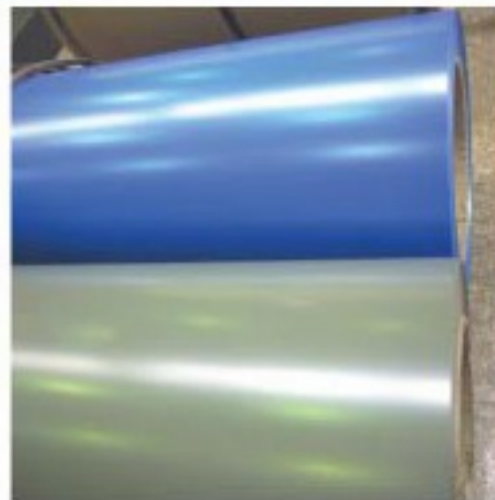

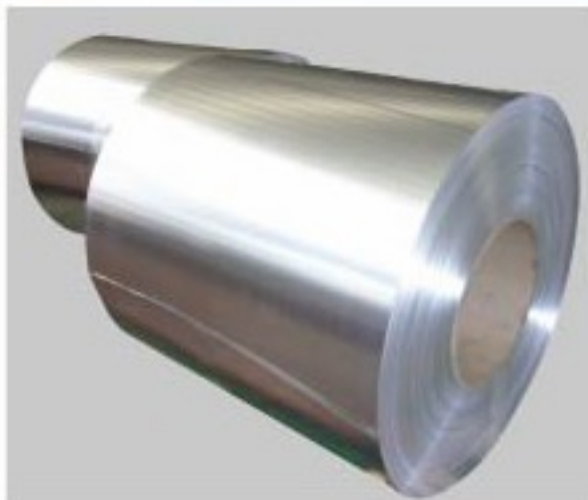

Main Products:

- Aluminum Coil/ Sheet
- Coated Aluminum Coil/Sheet
- Embossed Aluminum Coil/Sheet
- Aluminum Foil
- Aluminum Circle

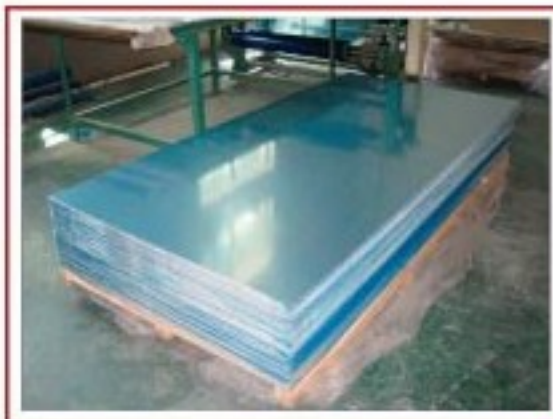

Ranked 4A1 by D&B D-U-N-S with No.: 54-539-2149, CNBM International Corporation is proved a reliable partner with quite low risk for business transaction. We concentrate on quality management, technique improvement and innovation by taking quality and customer' s satisfaction as the first and foremost factors in our organization development. Now we have offices in U.S.A., Russia, Germany, U.A.E., Iran, Saudi Arabia, India and Vietnam and offices in Nigeria, Kenya, France are under processing. We welcome you from different fields to work with us together to build a long-term, mutual-beneficial and inter-dependant relationship in the future

Aluminum Coil / Sheet

Aluminum Coil / Sheet have great ductility, heat conductivity, anti-corrosion and moisture resistance properties.

Main Specification	
Alloy	AA1xxx (AA1050, AA1060, AA1070, AA1100 etc.)
	AA3xxx (AA3003, AA3004, AA3005, AA3105 etc.)
	AA5xxx (AA5052, AA5083, AA5754 etc.)
	AA8xxx (AA8011, AA8006 etc.)
Temper	H14, H16, H18, H22, H24, H26, H32, O/F
Thickness	0.2mm - 100mm
Width	30mm - 1700mm
Standard	GB/T 3880-2006
Special specification is available on customer's requirement	

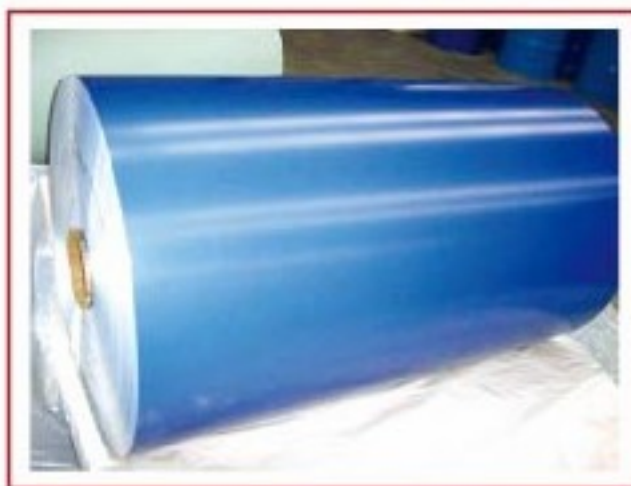

Application

Aluminum Coil / Sheet is widely used for electronics, instruments, lighting decoration, packing industry, and house decoration, curtain wall, honeycomb-core panel, sandwich panel, aluminum composite panel, aluminum composite pipe etc.

Coated Aluminum Coil / Sheet

Coated Aluminum Coil / Sheet are of a wide range of colors, which gives wonderful appearance no matter in residential and commercial constructions or great exhibition centers.

Main Specification	
Alloy	AA1xxx (AA1050, AA1060, AA1070, AA1100 etc.)
	AA3xxx (AA3003, AA3004, AA3005, AA3105 etc.)
	AA5xxx (AA5052, AA5083, AA5754 etc.)
Temper	H14, H16, H18, H22, H24, H26, H32, O/F
Thickness	0.03mm – 3.0mm
Width	30mm - 1700mm
Coating	PE (Polyester), PVDF, Epoxy
Painting Thickness	Standard 16-25 microns, max 40 microns
Color	According to Ral colors or customer's samples
Standard	GB/T 17748-1999
Special specification is available on customer's requirement	

Application

Our company's Coated Aluminum Coil / Sheet have been widely used in the fields of construction and decoration (garage doors, ceilings etc.), electronic appliances, lighting decoration, air-condition air pipes, sandwich panels and drainages etc.

Aluminum Foil

Aluminum Foil is soft, ductile and with a silver–white luster which can be widely used in a large scare of fields.

Main Specification	
Alloy	AA1xxx (AA1235, AA1050, AA1060, AA1100 etc.)
	AA3xxx (AA3003 etc.)
	AA8xxx (AA8011, AA8006, AA8079, AA8021 etc.)
Temper	O, H14, H16, H18, H22, H24, H26
Thickness	0.006mm – 0.20mm
Width	200mm - 1600mm
Coating	HSL / Primer
Standard	GB/T 3198-2003
Special specification is available on customer's requirement	

Application

Aluminum Foil is widely used in lamination, packaging, household, industrial etc.

Products	Alloy	Thickness(mm)	Width(mm)	I.D.(mm)	O.D.(mm)
Packaging Foil	AA1235, AA8011	0.006-0.020	200-1600	76.2/152	As required
Household Foil	AA8011	0.010-0.030	200-1600	76.2/152	
Waterproof Foil	AA8011	0.014-0.018	200-1600	76.2/152	
Blister Foil	AA8011/AA8021	0.020-0.075	200-1600	76.2/152	
Lid Foil	AA8011	0.030-0.060	200-1600	76.2/152	
Container Foil	AA8011/AA3003	0.020-0.180	200-1600	76.2/152	
Industrial Foil	AA8011 etc	0.010-0.200	200-1600	76.2-152	

Embossed Aluminum Coil / Sheet

Embossed Aluminum Coil / Sheet have great ductility, heat conductivity, anti-corrosion and moisture resistance properties which are very useful in the field of construction.

Main Specification	
Alloy	AA1xxx (AA1050, AA1060, AA1070, AA1100 etc.)
	AA3xxx (AA3003, AA3004, AA3005, AA3105 etc.)
	AA5xxx (AA5052 etc.)
Temper	H14, H18, H24, H26, H32
Thickness	0.2mm - 20mm
Width	10mm - 1500mm
Embossed Patterns	Diamond, Stucco, Bars etc.
Standard	GB/T 3880-2006
Special specification is available on customer's requirement	

Coated & Embossed

Stucco

Diamond, Two-bars, Three-bars, Five-bars

Application

The embossed aluminum coil/sheet are widely used for decorative purposes in construction, packing and appliance. It is also very commonly used for anti-slippery purposes in vehicles and public places.

Aluminum Circle

Aluminum Circle has great ductility, heat conductivity, anti-corrosion and moisture resistance properties.

Main Specification	
Alloy	AA1xxx (AA1050, AA1070, AA1100 etc.)
	AA3xxx (AA3003 etc.)
Temper	O, H14
Thickness	0.5mm - 4mm
Diagonal	100mm - 1200mm
Standard	GB/T 3880-2006
Special specification is available on customer's requirement	

Application

Aluminum Circle is widely used for kitchen wares including fried pans, non-sticky pans, cooking pots, hard anodize cook ware, pressure cooker and house hold utensils etc.

Aluminum Can Stock (Body, End & Tab)

Main Specification	
Alloy	AA3104, AA5182, AA5052
Temper	H19, H48
Thickness	0.26—0.29mm
Width	700-1800mm (Body Stock), 60-1800mm, (End & Tab Stock)
Color	Aluminium or Golden color (End & Tab Stock)
Paint	PPG or Valspar
Lubrication	Henkel
Special specification is available on customer's requirement	

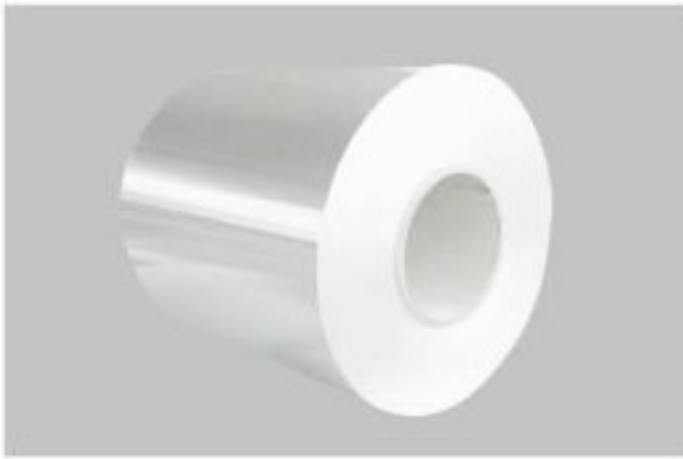

Application

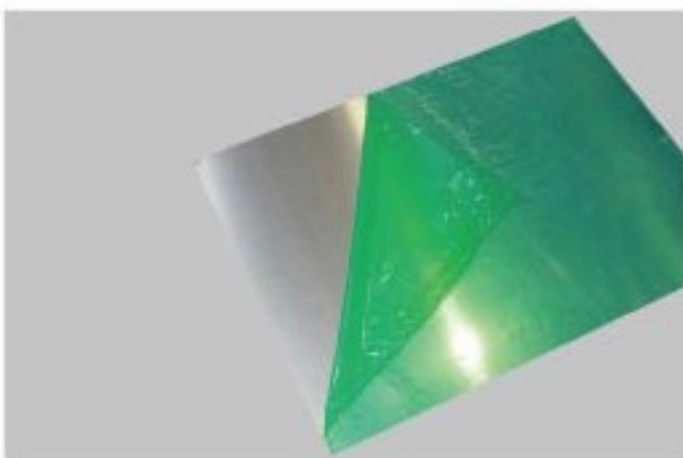

Used for two-pieces aluminum cans, for can end or tab stock. Color of the end can be coated according to customer's requirement.

Packaging Standard

ALUMINIUM FOIL

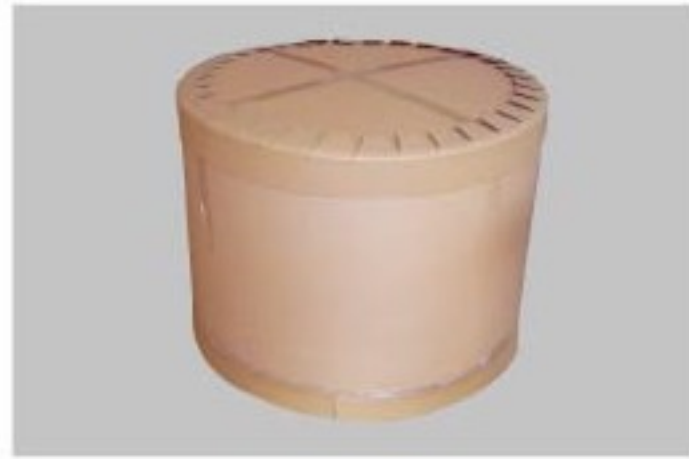

ALUMINIUM SHEET

Packaging Standard

ALUMINIUM COIL

ALUMINIUM CIRCLE
